Celebrate NC Wines! 2008 showcases our state's growing wine and grape producing industries by bringing together wine fanciers to learn about North Carolina wines, wine tasting and food pairings during afternoon educational seminars and a four-course wine dinner. In addition to increasing awareness of the industry's impact on North Carolina's economy, it provides financial support for NC State University's grape and wine research programs supporting this growing industry. A portion of each sponsorship is tax-deductible.
