In order for farmland to qualify for participation under the terms of this program, it shall meet the following requirements:

- (1) The farmland shall be real property;
- (2) The farm property shall be participating in the farm present-use-value taxation program established by G.S. 105-277.2 through 105-277.7, or is otherwise determined by the County to meet all the qualifications of this program set forth in G.S. 105-277.3;
- (3) The property shall be certified by the Natural Resources Conservation Service of the United States Department of Agriculture, in consultation with the Cooperative Extension Service and the Farm Service Agency, as being a farm on which at least two-thirds of the land is composed of soils that:
 - (a) are best suited for providing food, seed, fiber, forage, timber, and horticultural crops, including Christmas trees and ornamentals;
 - (b) have good soil qualities;
 - (c) are favorable for all major crops common to the county where the land is located;
 - (d) have a favorable growing season; and
 - (e) receive the available moisture needed to produce high yields for an average of eight out of ten years; or
 - (f) soils on which at least two-thirds of the land has been actively used in agricultural, horticultural, or forestry operations as defined in G.S. 105-277.2
- (4) The property, if highly erodible land exists on the farm, is managed in accordance with the Natural Resources Conservation Service defined erosion control practices that are addressed to said highly erodible land; and
- (5) The property is the subject of a conservation agreement, as defined in G.S. 121-35, between the County and the owner of such land that prohibits non-farm use or development of such land for a period of at least ten years, except for the creation of not more than three lots that meet applicable County watershed and subdivision

regulations, or the regulations of any municipality which apply to the farm property. The property owner may voluntarily revoke this conservation agreement by submitting a written request to the Board in accordance with Article VIII.

Section 601. Certification

The owner of the farm seeking to qualify his property for participation in the farmland preservation program ordinance shall submit written evidence that the property conforms with the requirements of Section 600 of this program. This written information shall be submitted to the Chairman of the Agricultural Board or the designated staff person on forms provided by the Board. The certification may be submitted at the same time the owner applies for inclusion in a district.

ARTICLE VII APPLICATION, APPROVAL AND APPEAL PROCEDURES FOR VOLUNTARY AGRICULTURAL DISTRICTS

Section 700. Creation of Voluntary Agricultural Districts

In order to implement the purposes stated in Article III, this program provides for the creation of voluntary agricultural districts which shall meet the following standards:

- (1) The district, when initially established, shall contain a minimum of 25 contiguous acres of qualified farmland, OR, two or more qualified farms which contain a minimum of 25 acres and are located within one mile of each other;
- (2) The landowner(s) requesting inclusion in the district shall execute an agreement with the County to sustain agriculture in the district in accordance with Section 600 (5) of this program. Said agreement shall be in a form which is reviewed and approved by the Agricultural Board; and
- (3) For each district created under the terms of this program, one of the existing Agricultural Board members shall be assigned to represent the district.

Section 701. Application to Participate

A landowner may apply to participate in the program by making application to the chairman of the Agricultural Board or to a designated staff person. The application shall be on forms provided by the Agricultural Board. The application to participate in a district may be filed with the certification of qualifying farmland.

Section 702. Approval Process

Upon review by the staff of the written certification and application submitted by the property owner, the Board shall meet within 30 days if possible to approve or disapprove the

application. The chairman shall notify the applicants by first class mail of said approval or disapproval of participation in the district.

Upon receipt of an application, the chairman of the Agricultural Board will forward a copy of the application to the County Manager, the County Tax Assessor, and the County Planning Board which may be asked to provide comments, if any, to the Agricultural Board prior to the vote on the application.

Section 703. Appeal

If an application is denied by the Agricultural Board, the petitioner has 30 days to appeal the decision to the Sampson County Board of Commissioners. Such appeal shall be presented in writing. The decision of the Board of Commissioners is final.

ARTICLE VIII REVOCATION OF CONSERVATION AGREEMENTS

By written notice to the board, a landowner of qualifying farmland may revoke the preservation agreement formulated pursuant to Section 600 (5) of this program, or the board may revoke same preservation agreement based on noncompliance by the landowner. Such revocation shall result in loss of qualifying farm status, and consequently, loss of eligibility to participate in a voluntary agricultural district and the benefits thereof. Revocation by a landowner of a preservation agreement and the resulting loss of qualifying farmland status for the purpose of participation in a voluntary agricultural district shall in no way affect the eligibility of the land to be taxed at its present use value as provided in N.C.G.S. 105-277.2 through N.C.G.S. 105-277.6. If a portion of a district is removed for any reason after being established by this program, the remaining qualified farms may remain in the program, provided they meet all other requirements except the minimum area requirements of Section 700 (1).

What is the Farmland Preservation Program?...

The purpose of the Farmland Preservation Program is to encourage the voluntary preservation and protection of farmland from non-farm development. This is in recognition of the importance of agriculture to the economic and cultural life of the country. The General Assembly of the State of North Carolina authorized counties to undertake a series of programs to encourage the preservation of farmland. This statutory authority is found in Chapter 106, Article 61, of the North Carolina General Statutes. The Sampson County Voluntary Agricultural Districts will be governed by an Agricultural Board composed of one member from each of the five agricultural districts. These members will be appointed by the Sampson County Board of Commissioners. In addition, the County Extension Director and County Natural Resources and Conservation Service (NRCS) Director will serve as members of the Board. The Agricultural Board will be responsible for approving applications for membership in an agricultural district.

Requirements...

To be qualified as farmland, a farm shall contain a minimum of 25 contiguous acres of farmland.

1--The farm shall be participating in the "Farm Present-Use-Value Taxation Program".

2--The property shall be certified by the Cooperative Extension Service and NRCS as being a farm on which at least two-thirds of the land is composed of soils that are:

- (a) favorable for major crops common to the County; and
- (b) soils on which at least two-thirds of the land have been actively utilized for agricultural, horticultural, forestry, livestock, or wildlife production.

3--Property is the subject of a Conservation Agreement between the County and the owner of such land that prohibits non-farm use or the development of such.

What will joining the Farmland Preservation Program do for me?

1--This program will help increase the identity awareness and pride in the agricultural community and its way of life.

2--Members will have increased protection from nuisance law suits and other negative impacts affecting participating farms.

3--Landowners will not be required to connect to the County Water System or assessed charges for such until the farm is connected to such services.

Can I relinquish participation in this program at any time?...

Yes...a single, written notice to the Agricultural District Board notifying them of your decision to be removed is all it takes.

What is the cost of this program?

There will be a one-time fee of \$25 to join this program. This fee will cover a portion of the cost of a sign which designates a farm's membership and the charges involved in filing the document with the Sampson County Register of Deeds Office. Additional expenses for participating in the program will be covered by Sampson County Government.
