**[Editor's Note: The following are only selected sections of Article 12, Chapter 105. The Article in its entirety is contained in the official print version of the *North Carolina General Statutes*.]**

**§ 105-275. Property classified and excluded from the tax base.**

The following classes of property are hereby designated special classes under authority of Article V, Sec. 2(2), of the North Carolina Constitution and shall not be listed, appraised, assessed, or taxed:

(12) Real property owned by a nonprofit corporation or association exclusively held and used by its owner for educational and scientific purposes as a protected natural area. (For purposes of this subdivision, the term "protected natural area" means a nature reserve or park in which all types of wild nature, flora and fauna, and biotic communities are preserved for observation and study).

(15) Upon the date on which each county's next general reappraisal of real property under the provisions of G.S. 105-286(a) becomes effective, standing timber, pulpwood, seedlings, saplings, and other forest growth. (The purpose of this classification is to encourage proper forest management practices and to develop and maintain the forest resources of the State).

(29) Real property and easements wholly and exclusively held and used for nonprofit historic preservation purposes by a nonprofit historical association or institution, including real property owned by a nonprofit corporation organized for historic preservation purposes and held by its owner exclusively for sale under an historic preservation agreement prepared and recorded under the provisions of the Conservation and Historic Preservation Agreements Act, Article 4, Chapter 121 of the General Statutes of North Carolina.

(29a) Land within an historic district held, by a nonprofit corporation organized for historic preservation purposes, for use as a future site for an historic structure that is to be moved to the site from another location. Property may be classified under this subdivision for no more than five years. The taxes that would otherwise be due on land classified under this subdivision shall be a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The taxes shall be carried forward in the records of the taxing unit or units as deferred taxes and shall be payable five years from the fiscal year the exclusion is first claimed unless an historic structure is moved onto the site during that time. If an historic structure has not been moved to the site within five years, then deferred taxes for the preceding five fiscal years shall immediately be payable, together with interest as provided in G.S. 105-360 for unpaid taxes that shall accrue on the deferred taxes as if they had been payable on the dates on which they would originally become due. All liens arising under this subdivision are extinguished upon either the payment of any deferred taxes under this subdivision or the location of an historic structure on the site within the five-year period allowed under this subdivision.
